**AMENDMENT**

Sir:

In response to the Notice to Comply with Requirements for Patent

Applications containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures  
(copy enclosed) mailed November 17, 2003, Applicant submits herewith an enclosed  
diskette containing an initial computer readable form (CRF) copy of a Sequence Listing,

Serial No. 10/619,284

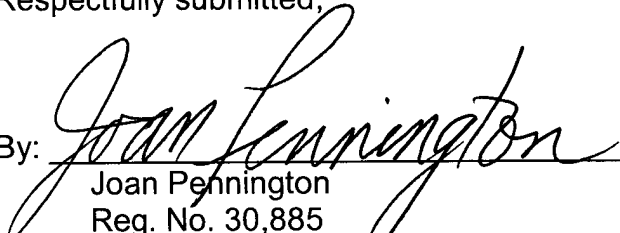

and an initial paper of the Sequence Listing. The enclosed Sequence Listing contains data, as included in Tables 2 and 3 at pages 14-16 of the subject originally filed application.

Applicants state that the content of the Sequence Listing information recorded in computer readable form is identical to the enclosed written (on paper) Sequence Listing, and includes no new matter.

Entry of the Sequence Listing in the above-identified application is respectfully requested.

If the Examiner should find that a telephone interview would be helpful in expediting allowance of the present application, the Examiner is respectfully urged to call the applicants' attorney at the number listed below.

Respectfully submitted,

By:
